No. 2 PHILLIPS PLACE.

Montreal, Feb. 17th, 1890.

Dear Sir,

As I understand that the Staff of the Montreal General Hospital is about to be increased by the appointment of an Assistant Oculist and Aurist, I beg to offer myself as a candidate for the position, and respectfully solicit your vote and influence. If elected I will bring twenty years' experience in the treatment of diseases of the Eye and Ear, which I will gladly employ to advance the interests of the Institution, and for the relief of the deserving poor.

I have the honor to be, Dear Sir,

Yours truly,

A. PROUDFOOT, M.D.
